A Recipe for Happiness

Happiness is something we create in our mind,
It's not something you search for and so seldom find -
It's just waking up and beginning the day
By counting blessings and kneeling to pray -
It's giving up thoughts that breed discontent
And accepting what comes as "heaven sent" -
It's giving up wishing for things we have not
And making the best of whatever we've got -
It's knowing that the future is secure for us,
And pursuing our tasks without fret or fuss -
For it's by completing what God gives us to do
That we find contentment and happiness, too.

Philippians 4:11 "Not that I speak in respect of want: for I have learned, in whatsoever state I am, therewith to be content"

COUNTING YOUR BLESSINGS

If you woke up this morning with more health than illness, you are more blessed than the million who will not survive the week.

If you have never experienced the danger of battle, the loneliness of imprisonment, the agony of torture, or the pangs of starvation, you are ahead of 20 million people around the world.

If you attend a church meeting without fear of harassment, arrest, torture, or death, you are more blessed than almost three billion people in the world.

If you have food in your refrigerator, clothes on your back, a roof over your head, and a place to sleep, you are richer than seventy-five percent of this world.

If you have money in the bank, in your wallet, and spare change in a dish someplace, you are among the top eight percent of the world's wealthy.

If your parents are still married and alive, you are very rare, especially in the United States.

If you hold up your head with a smile on your face and are truly thankful, you are blessed because the majority can, but most do not.

If you can read this message you are more blessed than over two billion people in the world that cannot read anything at all.
